

Policy Subject	Location Code	Adoption Date
Administration of Medication to Students	508.02	08/10/04
	Rescinds/Amends	Adopted

Students may be required to take medication during the school day. Medication shall be administered by the school nurse, a registered Medication Aide, or other school staff member meeting the minimum competency standards for the Medication Aide Act.

Medication will not be administered without written authorization that is signed and dated from the parent, and the medication must be in the original container which is labeled by the pharmacy or the manufacturer with the name of the child, name of the medication, the time of the day which it is to be given, the dosage and the duration.

Written authorization will also be secured when the parent requests student co-administration of medication when competency is demonstrated. When administration of the medication requires ongoing professional health judgment, an individual health plan will be developed by the licensed health personnel with the student and the student's parents. A written record of the administration of medication procedure must be kept for each child receiving medication including the date; student's name; prescriber or person authorizing the administration; the medication and its dosage; the name, signature and title of the person administering the medication; and the time and method of administration and any unusual circumstances, actions or omissions. Administration of medication records shall be kept confidential.

Records shall be available to the Department of Health and Human Services Regulation and Licensure, the Department of Health and Human Services, and the State Department of Education for inspection and copying.

Medication will be kept in a secured area. Students may carry medication only with the approval of the parents and building principal of the student's attendance center. Emergency protocol for medication-related reactions will be in place.

The superintendent shall be responsible, in conjunction with the school nurse or Medication Aide, for developing rules and regulations governing the administration of medication, prescription and nonprescription, including emergency protocols, to students and for ensuring persons administering medication have met the

requirement of state statutes. Annually, each student shall be provided with the requirements for administration of medication at school.
